

SCI/SABLES Youth Day at Rockdale Rod & Gun Club

February 15, 2025 by Ron Meek

25th Anniversary Event

It finally occurred to me “What makes this event SO SUCCESSFUL”? I arrived at the Club at 6:30am with my granddaughter and started the wood stove and furnace. At 7am, the rest of the Club Crew started showing up and it was just like a Hive of Bees ... EVERYBODY just did a job with no one having to tell them what to do. Robin and Larry arrived to set up the Sables display and the kitchen crew started chili and hot chocolate! At 9am, we were ready for a GREAT DAY!

Great day it was with 65 kids and their crew participating! We now have Trap Shooting along with the rest of our regular events and all went safely! The photos from the day show how GOOD the kids are! We expect Total Attention and for the most part receive it! The Volunteers do a Good Job working with the kids and it shows! Looking forward to the 26th Youth Day Event next year ... Try One!
